Hospital for Sick Children, & The Institute of Health Policy
Management, and Evaluation (IPHE), The University of Toronto,
Toronto, Ontario, Canada

Hydrogen Peroxide Vapor Calibration

Reliable Calibration is Essential for gas monitoring

- Not available in cylinders
- Need to generate and analyze HP test gas
- Generator runs 24/7 from Liquid HP Solution
- HP test gas is regularly stored, semi-automated

CSAO Conference 40th Annual September 13-15, 2015
PARTNERING FOR SUCCESS
Raising the Bar in NOR

Monitoring Hydrogen Peroxide

Hydrogen peroxide has almost no odor

Leaks can occur because of mechanical
fault, wear and tear or just human error

Badges

No warning if there is high concentration
present - but retrospective only
low cost

Continuous Monitors

Real time monitoring - get alarms
instantaneous and TWA exposures
Log data, reports etc.
