

LAMBDA Education Annual Report May 2019

At this time, LAMBDA has only an acting Education Director. Candia Anderson has been trying to fulfill this role while also juggling the President and Chapter Representative roles. We desperately require someone to step into this position. You do not need to be experienced or even know what you are doing. The rest of the executive will work with and assist you.

LAMBDA needs to start planning its own Education Day for 2020 and an Education Director is required to help. This will be LAMBDA's first education day and I believe it's something we need. Our vast distances mean we only see each other over OTN and this would be an opportunity for us all to come together.

So please consider making a difference and becoming LAMBDA's Education Director.

Candia Anderson
