

Medical Device Reprocessing Technician

The Burlington Laser Eye Centre is a division of the Windsor Laser Eye Institute (WLEI), which was established in 1991.

The Burlington Laser Eye Centre located at 3305 Harvester Rd in Burlington, Ontario opened its doors in this new location in 2014 providing patients with the most advanced technology and highly experienced surgeons.

Our caring doctors and staff work very closely with your own Optometrist to ensure that the highest standard of care is provided as you consider refractive or intraocular eye surgery.

We are currently looking for a part time MDRT person, below is an overview of the role:

Job Summary

- Operate and maintain sterilization equipment and instrumentation for re-use according to CPSO OHP standardized safety practices.
- Prepare instruments for sterilization and restock supplies.
- Run biological monitoring tests (Rapid Attest) daily on all sterilizers and ensure proper documentation of records.
- Perform Dart test and leak test daily on large sterilizers and ensure proper documentation of records.
- Support cleaning in O.R. theatres between cases per established standards.
- Ensure disposition of laundry, garbage, sharps and bio-hazardous waste according to established procedure.

Education and Experience

- Certified through successful completion of CSA group certification
- Sterile Processing Certificate from recognized Canadian Post-Secondary Institution.
- High School Diploma from recognized Canadian Secondary Institution required.
- Comprehensive ability to communicate in English both verbally and in written format.
- Working knowledge of and recent experience in Sterile Processing of Surgical Instruments required.
- Two years' experience.
- Excellent attendance and a discipline-free record.

Remuneration:

- We offer a competitive salary and compensation package.

Job Type: Full-time

- Permanent Part Time 10-20 hours per week
